Description of Incident

My website

(ChristopherCantwell.com) was defaced with terrorist propaganda and pornography last night. Including pro Robert Bowers material and bestiality.

The

offending IP addresses were 36.38.141.196 and 206.189.198.44

This was

carried out by individuals calling themselves the "Bowl Patrol" a Dylann Roof reference. In particular, one goes by the name of Vic Mackey (@Vic_Mackey on Telegram) and the other calls himself "Mosin Nagant" an alias which I know is familiar to the FBI already.

Vic had an author's account on

my website some time back when he was allowed to contribute content. His permission to do so had since been rescinded, but his account remained active. He seems to have shared the credentials with Nagant, to post the offending material last night.

This group has been responsible for constant spam and harassment of me and my communications channels for months, ever since I distanced myself from the group in the wake of the Pittsburgh synagogue shooting.

I am interested in pursuing criminal charges if at all possible.
